

Presstitutes

The mainstream media we have today are not a free and independent press.

They are a far cry from the ideals of their founders who used them to fight for our freedom more than a 150 years ago.

They do not stand for freedom and accuracy of information and more importantly to abide by the primary and most highest ideal of reporting and journalism:

□□□□□□□ □□□□ **Satyameva Jayate – Truth alone Triumphs.**

It is time we brought all forms of media under my law for media.

All we have today are Presstitutes pandering their morals to the capricious whims of the Wall Street/Dalal Street Pimps and Lalas and the Representative DFIs.
