## Arya Dharma

A publication on the Arya Dharma (Noble Dharma) – A better way of living, wellbeing, spirituality, government, finance, economics, law and democracy by going back to the future.

I have started writing the underlying concepts and registered my website [www.aryadharm.org](http://www.aryadharm.org) since 2006 without any expectation of a monetary reward which if it came would be most welcome and help me focus more fully on my writing and also secure the future of my family and help in my charitable aspirations and endeavours.

Bharata has the greatest history, heritage and culture ever possessed by any civilization in the history of the Universe.

It is a real shame to what we have become today because we blindly try to ape and emulate the fraud FUKUS (France, UK, USA) systems which are totally unsuitable not only to us, but to any country on this planet, and even more harmful to Nature, the supreme embodiment of Brahman (God).

It really makes you wonder about the state of this world when the priceless Amazon rain forest is valued at \$20 million, and the Amazon online shopping website is valued at almost a trillion dollars.

It really makes you wonder about the state of this world, when the top 1% possesses more than 47% percent of the global wealth, while the bottom half still worries about scrounging for their next meal.

There is something seriously long with such FUKUS systems that value money as the root of all happiness and place little or no value to Nature which is the greatest gift bestowed to use by Brahman, worth more than all the priceless treasures in all

heavens.

If Bharata must have any hope of restoring its past glory, it must abandon all the fraud FUKUS systems which place only money and self-interest as their guiding principle, over Dharma and SEVA (Selfless Sacrifice), which were our eternal guiding principles that were laid down ever since Ram Rajya.

Dharma and SEVA were the guiding principles of the Golden Era of Bharat, when we surpassed even the Roman, Greek and Persian empires and even made a world conqueror like Alexander retreat in fearful haste without even daring to fight us.
